The image shows a long, narrow interior space with a high, vaulted ceiling made of a complex wooden truss system. The walls are composed of vertical panels in dark blue and copper tones. The floor is a smooth, light-colored concrete. In the background, a bright, hazy view of the Sagrada Família Cathedral is visible through an opening. The overall atmosphere is modern and architectural.

Located in the heart of Barcelona,
in front of the Sagrada Familia Cathedral,
with an exclusive view
of it even from inside.
